BRIEF FACTS OF THE CASE

The complainant, **Anitha Rangaswamy**, resident of Malleshwaram, Bengaluru (contact number 9880134567), stated that on 3 July 2026 at approximately 11:20 hours she received a phone call from number 8123456790 from a person identifying himself as "**Suresh Kumar**", claiming to be a customer support executive of her bank. The caller informed her that her debit card had been temporarily blocked due to a KYC update requirement and requested her to share the One-Time Password (OTP) sent to her registered mobile number to 'reactivate' the card.

Believing the call to be genuine, Anitha Rangaswamy shared the OTP, following which Rs. 2,45,000 was debited from her savings account (Account No. 04561122334, IFSC: SBIN0006754) in three transactions between 11:24 and 11:31 hours on 3 July 2026, transferred via IMPS to an account held in the name of **Mohammed Irfan** (Account No. 78904455661, IFSC: HDFC0002211).

Bank records subsequently obtained show that the funds credited to Mohammed Irfan's account were further transferred within eleven minutes to a second account held by **Rakesh Verma** (Account No. 33221100987, IFSC: ICIC0004521), and thereafter split into two further transfers of Rs. 90,000 and Rs. 1,10,000 to accounts believed to be operated by a money-mule network, one of which was linked to a UPI ID registered under the name **Pooja Bhandari**.

The mobile number used by the caller (8123456790) was found to be linked, through call detail records, to a second number (7789012345) which had placed similar OTP-related calls to at least four other complainants in Bengaluru city over the preceding two weeks, based on a cross-reference of complaints filed at the Cyber Crime Cell between 20 June 2026 and 3 July 2026, suggesting an organised call-centre-style fraud operation rather than an isolated incident.

Mohammed Irfan, when contacted telephonically at the number linked to his bank account (9741556230), claimed that his account was used without his knowledge after he had shared his account details with an unknown person over a job-related WhatsApp group in May 2026, and that he had received a payment of Rs. 3,000 for 'helping process a client refund.' This claim is under verification.
